

BizInsight™

We Make Excel Reporting Fun.

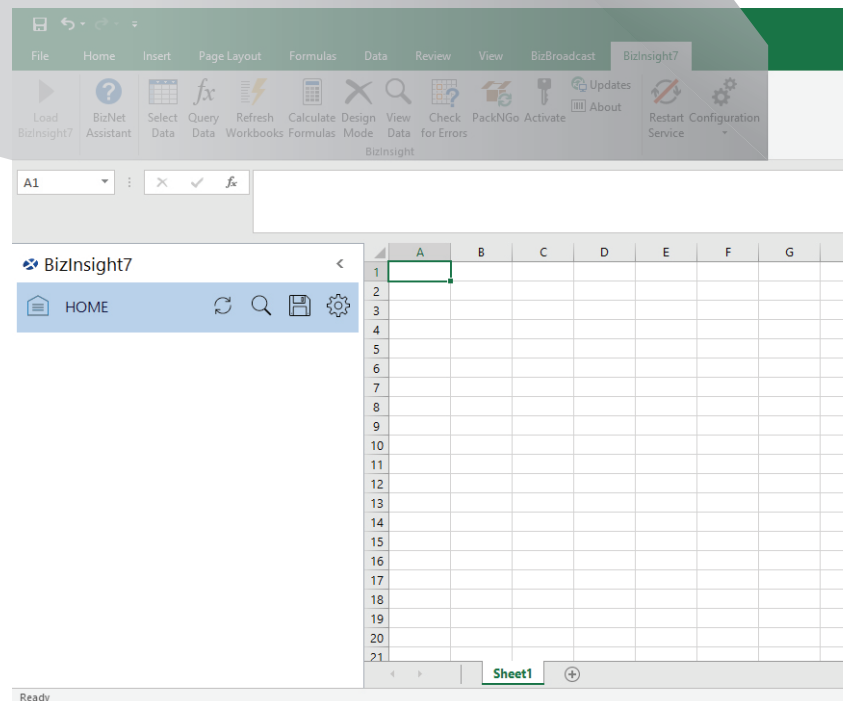

Deltek Vision

By installing BizInsight for Deltek Vision you can easily build reports and access data from a variety of modules without a steep learning curve. Utilize all the functions, charts, and formulas you've been using for years in Excel to build compelling, useful, and beautiful project reports. Search, analyze, and compare historical trends and refresh critical information instantly for up-to-date decision making, all without the need for a Deltek consultant.

- ▶ Load BizInsight within Excel
- ? Training tips accessible within Excel
- 📊 Incorporate data from unlimited sources
- fx Build complex queries without SQL experience
- ⚡ Update data & reports with a single click
- 📄 Auto calculate formulas

- ✂ Streamline report design
- 🔍 Manage your data caches
- 📊 Locate & solve Excel errors
- 📦 Embed data for offline analysis
